## **An Overview of Chatham Primary School Parents' Club** **Communication – Co-ordination - Liaison**

Chatham Primary School has an active Parents' Club which helps promote a positive school experience for members of the school community. Its aim is to work with the school staff, parents and students to stimulate interest in the school and to promote a sense of fun and pride in the school through fundraising and social activities as well as through information sessions.

The Club is governed by a constitution of which its aims and objectives are:

- to maintain and foster a positive school experience for students; their parents; caregivers; educators and administrators
- to establish a forum for free and open interaction amongst members of Chatham Primary's School Community with a view to collectively achieving the School's educational, social, financial & environmental objectives
- to regularly interact with the School Council, working in partnership to support and enhance Chatham Primary School's various educational and administrative programs and objectives.
- to generate opportunities for the Chatham School Community to gather socially for the sole purpose of enjoyment
- to organise information sessions for interested Chatham Primary School Community members, to facilitate the understanding of school, educational and social issues (e.g.: internet safety)
- to actively contribute to School fundraising initiatives for the ultimate benefit of Chatham Primary School students.

For upcoming Parents' Club events, please refer to the events calendar or the current newsletter. The club meets once each month during school term and warmly welcomes new members or visitors.
