STUDENT SUPPORT

Many prospective parents ask about how we cater for children at risk or those that may need some extension with their work. The art of teaching is to cater for each child as an individual – to challenge them and to provide that extra assistance when needed. Over the last few years at Chatham we have had a very big focus on presenting a differentiated curriculum to our students. At Chatham we provide activities that cater for individual needs and interests. Students are constantly working at their own level around activities that build on prior learning and challenge them to extend themselves in their learning.

We have Extension Art and many opportunities for talented students to be extended in the specialist areas of Music, Japanese and Physical Education.

Other programs that students can get involved in include the upcoming Science Fair, Hockey 7’s, Rotary Speech competition, Tech Clubs and our WiseOnes extension programs. Miranda Milaszewicz has also been working with selected students in Years 4, 5 & 6 in Extension Maths activities including the Maths Olympiad.

Students are monitored and their performance tracked as they move through the school and each grade has a number of students on Individual Learning Plans. We believe that we provide a stimulating and caring environment for our students. One that has high expectations and provides our students with a variety of opportunities for them to be challenged, experience success and reach their potential.

I'M BORED

I don’t really like this phrase. If someone is using it, it usually means that they are not self-motivated, energised or taking some responsibility for their own learning. Often it can be made as a throwaway line if a child is finding some work challenging and for these children it is just a way of them saying, “I don’t want to do this”. Teachers have a strong focus in their teaching and learning in putting in place a differentiated curriculum that builds on prior knowledge and challenges students in the next stages of their learning. They individualise their teaching and know each child’s interests, needs and preferred learning style.

Teachers set clear learning intentions for lessons and students work towards individual learning goals in their work. Classroom activities and specialist programs are very hands-on and engaging and encourage everyone to be self-motivated, cooperative and collaborative. So the next time your child comes home and tells you that they are bored, dig deeper and really try to find out what is really happening to make them say this phrase.

SCIENCE WEEK at CHATHAM

Next week is Science Week and we have a couple of special events happening in our school. Next Wednesday AND Friday we will be presenting a Science Fair in the school hall where students from all year levels will present their displays, experiments and information about their chosen field of science. The rest of the school will spend time exploring these displays and parents are most welcome to visit the hall to see the wonderful work our students are doing in science.

The interest this year has been so great that we have had to break these sessions up over 2 days:-

- Wednesday 17th Aug – Year 1 & 2 – 9:15 – 10:30
- Wednesday 17th Aug – Year 3 & 4 – 11:45 – 1:30
- Friday 19th Aug – Year 5 & 6 – 9:00 – 11:00

The year 6 students will also be racing off their Fantastic Racers in the hall from 2:30pm next Wednesday. They have been working on their designs to produce the fastest cars possible. We also have a couple of excursions planned for the week with the Preps visiting the Lego Educational Centre and Year 6 the ACMI centre. It will certainly be a busy week of Science at Chatham next week.

ROTARY SPEECH COMPETITION

Over the last few weeks our Year 6 students have been writing, composing, editing and practising their speeches in readiness for the Mont Albert Surrey Hills Rotary Club (MASH) Primary School Speech Competition. This event has been operating for the past 12 years with our school being one of the first group of schools to join. The students are provided with a list of topic starters with the students choosing one to write about and deliver as a speech. The Year 6 student delivered their speeches to their classmates who voted on the best speeches for each grade. These students then presented their speeches to the teachers and Year 5 students with the teachers choosing the best 2 students to represent our school.

Lachlan Ross and Leo Efron presented their speeches to the school on Tuesday and then delivered speeches at Wattle Park Primary school on Tuesday night as part of this speech competition. Leo's speech was entitled “The person who has influenced my life is...”, and Lachlan delivered his speech entitled, “Australia is a great place to live”.

All 12 speeches were of the highest standard and as always, the students amazed me with their confidence, articulation, delivery and audience engagement. It must have been a very hard decision for the 4 judges. Both of our students gave outstanding speeches with Lachlan being awarded third place. He was presented with a certificate and a book voucher and will also be delivering his speech to the next Rotary Club meeting. Well done to Leo and Lachlan on being selected as our school's representatives and for delivering such wonderful speeches.

PARENT SURVEY

Each year we conduct a number of surveys across the year. Our Year 5 & 6 students are surveyed around their attitudes to school, all staff undertake a survey around their working conditions and each year we seek feedback from parents as part of an annual survey. All of the data from these surveys is presented to School Council and form part of our accountability procedures in our Annual Report and School Review process.

Around 66 randomly selected families will be sent a parent survey form. Please answer the questions on this form in relation to the name of your child that is written on the outside of the envelope. The completed survey should be returned to the school office in the enclosed envelope by tomorrow, Friday 12th August. These surveys are collected by an independent company with all answers remaining confidential. All collated results are sent back to the school next term. This feedback from parents is important to us in helping us to identify our strengths and areas for further improvement.

ENROLMENTS

The letters of offer are about to be sent to all families that have placed an enrolment form for their child to attend our school in Prep next year. If you have not yet placed your enrolment form or know of anyone who is considering our school for their child, please inform them that enrolment forms need to handed to the school office ASAP.

YEAR 3 WORKING BEE

The next Working Bee is scheduled for Year 3 families on Saturday 27th August. Please put this date in your diary and make some time to come along in the morning to help out. More information will be sent out with your child early next week.

**FATHER’S DAY STALL 2016**

The Father’s day stall will be held on **Friday 2nd September**.

We are looking for volunteers to help wrap presents on Monday 29th August at 9am after school drop off. Even if you have an hour to spare, we would love to see you there.

We also need volunteers to help man the stalls on the day. Shifts are 9-11:15am and 11:15-1:30pm. Morning tea will be provided for all helpers.

If you can assist on any of those days, please contact Andrea Briffa on andreabriffa@bigpond.com.

We are also looking for around 20 empty fruit boxes if you can please bring them to the school office.

Many thanks,  
Andrea, Emma and Amanda.

Hello to all Chatham families,

We hope you are enjoying the Rio Olympics! We have our Chatham OSHC Olympics happening at the moment. Students chose their own groups and then chose a country. They needed to work as a group to create a mascot, a team chant and their own flag. Students created some really great team chants.

Each day at OSHC, this week and next week, we have had a different event students can participate in. We have our own medal tally chart for the students' countries with gold, silver or bronze stars. Good luck to all the students who are participating!

Camp Australia is supporting The Smith Family
We are raising funds to support The Smith Family's Learning for Life program. We will be offering:
- Art Show on September 5th and 6th with a gold coin donation for entry
- Guessing Jars 50 cents for a guess or $1 for 3 guesses

These funds are to provide disadvantaged children with education essentials (e.g. books, bags, uniforms) and learning support. Our not for profit organisation, the Camp Australia Foundation will proudly match every dollar raised. Please help us support the education of disadvantaged Australian children.

Looking forward to seeing you there!

Take care everyone!

From your OSHC team Hannah, Sarah and Nick
